

FOUR IISER STUDENTS AWARDED FELLOWSHIP

Date
15/4/2013

Hindustan Times

CHANDIGARH: Four students of Indian Institute of Science Education and Research (IISER), SAS Nagar, have been awarded the prestigious Khorana fellowship 2013.

The fellowship is supported jointly by the University of Wisconsin, Madison; the department of Biotechnology, Government of India and the Indo-US Science and Technology Forum.

The students who were awarded fellowship include Srishti Batra, Kanwal Puneet Kaur and Mayank Chugh. All are 4th year biology majors students pursuing the dual BS-MS degree while Karandeep Singh is a 4th year physics majors in the same programme.

They will work for up to three months during the summer of 2013 at academic institutions across the United States of America.

Significantly IISER, SAS Nagar, is a premier science institute established in 2007 by the union ministry of human resource development. The institute offers quality science education at the undergraduate and postgraduate level with a focus on research. For the five-year BS-MS dual degree programme, students are admitted right after school. **HTC**
